## 2. Funeral Service Checklist

There are many options available when it comes to planning a funeral service. These questions will help you decide on the type of funeral service that is most appropriate and how it can be personalised for your loved one.

**Structure of the Funeral Service**

- Would you like a viewing, visitation or wake?
- What type of funeral service would you like?
  - Single service - takes place at one location (such as a chapel or church) without proceeding to the cemetery or crematorium
  - Dual service - starts at one location (such as a chapel or church) and proceeds to the cemetery or crematorium for the final committal ceremony
  - Graveside service - takes place entirely at the graveside
  - No service, no attendance - does not involve any service or attendance (also known as a "direct committal")
  - Memorial service - takes place after the body has been buried or cremated
- Would you like a reception or gathering after the funeral or memorial service?
Personalising the Funeral Service

- Who would you like to officiate the ceremony?
  - Celebrant
  - Priest
